

ZMDF/8R Midi-Tone Electronic sounder & LED Flasher

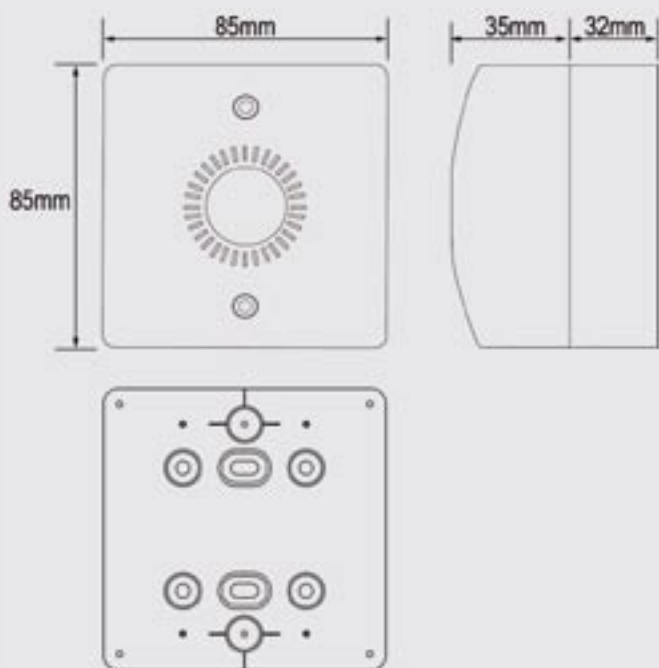

Complies to EN54 pt. 3

The miditone sounder-flasher is the latest combined sounder flasher from Zeta Alarm Systems.

It is a compact unit that fits a standard European back box, and can be either surface or flush mounted.

It is an ideal way to upgrade an existing sounder to a sounder-flasher unit.

It has a choice of 8 tone patterns, selectable by an internal dip switch, and a sound output of 95 dBA @ 1m.
